

## Verse 1

In the stillness of the morning  
In the waking of the dawn  
I remember You are with me  
And I know I'm not alone

## Prechorus

As I rise to face the day  
I'm falling to my knees  
Though I'm weak  
I find my strength in You

## Chorus

I can't escape Your goodness  
I can't outrun Your watchful eye  
Though I may fear the darkness  
I know I'm walking by Your side

## Verse 2

In the silence of the evening  
In the setting of the sun  
I reflect on all I've been through  
How You carried me this far

## Prechorus 2

As I face another day  
I'm falling to my knees  
Though I'm tired  
I find my rest in You

## Bridge

Even in the valley  
Even in the shadow of death  
When evil finds me  
When I can't catch my breath  
You are my shepherd  
I'm walking in Your steps  
Yes in Your steps
